Regional Cinema Discussion

Jennifer Kirkland, the Recreation Director, made a presentation about the location and the state in which the Regional Cinema is in. Regional Cinema is on Route nine and is surrounded by wetland which would not be ideal for the construction and maintenance of fields. Images of trash and vandalism were shown and Brian also mentioned that there is also mold and mildew. Brian added that there is also water damage and that the plumbing must be replaced. Brian also noted that the Regional Cinema will need a lot of work to be what we want to make it.

Bill made the motion to not pursue the Regional Cinema for recreational use. Beth seconded the motion. We ran a roll call vote and the vote was unanimous.

Meeting Adjourned at 5:50 p.m.
